

Viewing the Trend and Aim Lines in Numbers

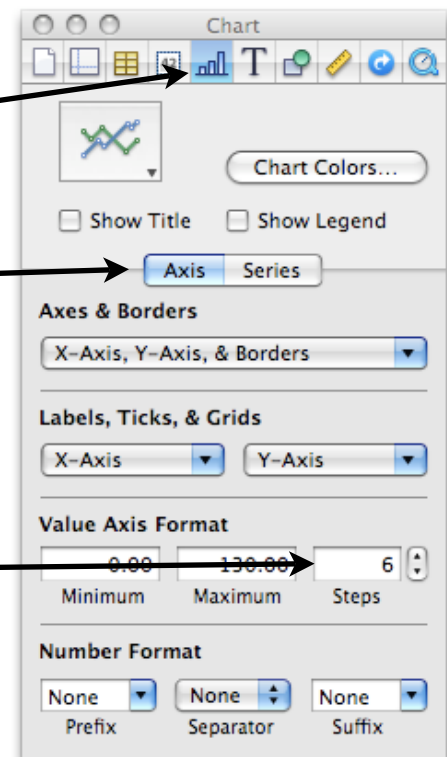

With the chart showing, click on the Inspector (top right, small white i in a blue dot)

Click on the Chart Inspector (fifth icon in the Inspector)

Click on the Axis tab

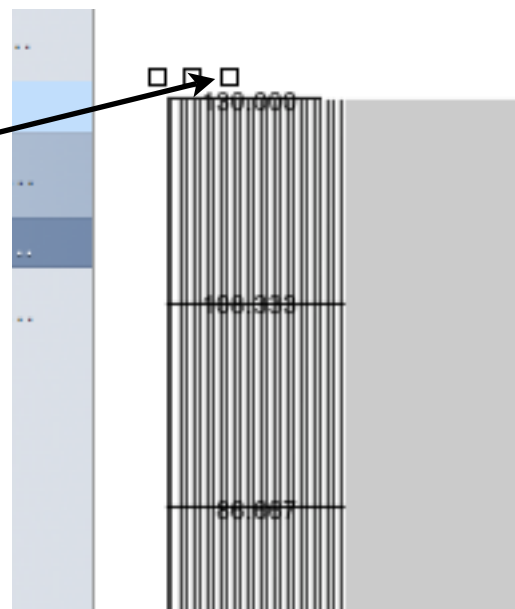

Click on the Chart

Under Value Axis Format, raise the number of steps to six

In the chart, you will see a few white boxes at the top of the chart

Click and drag the one on the right to the right to expand the chart across the page.

Oral Reading Fluency				
Student Name:	Travis		To Find Baseline:	
Assessment Used:			Baseline/Median:	26 wcpm
Date:(Example)	Session:	wcpm	Passage 1:	25 wcpm
9/4/004	1	24	Passage 2:	26 wcpm
			Passage 3:	28 wcpm
			Growth in wcpm:	2 wcpm
			Goal/Aim:	44 wcpm
			Number of Weeks Targeted	9
			*All white cells-You enter the information	
			*All colored cells-The computer calculates for you	
Your date	Your Session Number			
Date: 1x per week	Session:	wcpm	Comments	Target:
9/26/08	1	26	Pre-calculates from the baseline data-Enter data	26
10/7/08	2	28		28
